# E-Z STIR TAC 'N' BOND TACK COAT

---

## PRODUCT DESCRIPTION:

DEWITT'S E-Z Stir TAC 'N' BOND Tack Coat is a black asphalt emulsion that meets DOT standards for SS-1H. Product is ready to use and fast setting. DeWitt's E-Z Stir unique formulation is designed to slightly or not at all settle in container to save time on mixing before use. Meets ASTM D977.

## USES:

E-Z Stir TAC 'N' BOND is designed for priming asphalt or concrete prior to asphalt overlay and prior to installing asphalt patch.

## APPLICATION:

Surface should be dry, clean and free of all loose material, dust and dirt.

Slight mixing may be required before pouring out.

May be used directly from container or sprayed/dispensed from suitable mechanized equipment.

**Priming Patches:** Use full strength.

**Wash Coat:** Cut with 5 parts water to 1 part TAC 'N' BOND.

**Asphalt Overlays:** Apply 0.1gal/sy to prepared surface.

## PACKAGING:

Available in 4.75 gallon pails and 55 gallon drums.

## COVERAGE:

Adjust coverage rate to pavement conditions

## CLEAN-UP:

Clean promptly with soap and water. For dried material use DeWitt's "Remove-It" Cleaner.

**WARRANTY:**

DeWitt Products Co. warrants this product to be of merchantable quality when used or applied in accordance with the instructions on the label. We will replace product found defective provided that the buyer shall examine the materials when received and promptly notify us of any defects before the materials are used or incorporated into a structure. DeWitt Products Co. does not warrant this product to be suitable for any particular use or purpose other than for which it is intended. There are no warranties which extend beyond this description. Liability is limited to replacement of the product or at buyer's option, to a refund of the purchase price.

**CAUTION:**

**DO NOT ALLOW TO FREEZE.** Do not take internally. Close container after each use. Use protective clothing to avoid contact with eyes and skin. If contact occurs seek medical attention. Do not ingest this product. If ingestion occurs, immediately drink 1-2 glasses of water. Do not induce vomiting. Contact your local poison control center. **KEEP OUT OF REACH OF CHILDREN.**
